Reflections on Intercession and Prayer Mobilisation from Patrick Joshua, a Veteran Indian Leader

In the Missionary organization in which I was working, namely Friends Missionary Prayer Band, we found from the beginning that prayer is the spiritual strategy for transforming people groups along with what is done by evangelists and missionaries. Psalm 2:8 says, "Ask of Me, and I will give You the nations for your inheritance, and the ends of the earth for your possession." We focused on 300 people groups with a target time. We took all the stronghold details (religious blocks and barriers for the Gospel, social blocks and barriers, cultural hindrances and all bad customs and habits among the people). We started thousands of prayer groups to pray all kinds of prayers such as one-day prayer group prayer, fasting prayer on Wednesdays, 3 days full fasting prayers, all night prayer and other special prayer initiatives. The Lord of the Harvest really granted our prayer requests, doing great things in all the mission fields with signs and wonders.

FMPB was able to plant 1157 churches, 6607 congregations with 614,834 believers. The Government of India in their research found that wherever there is Christian missionary work in progress, there is no Naxalite (communist guerillas) or terrorist activity.

Sometimes it takes time for separate parts of complex situations to fit together. God knows the perfect time to give maximum results. The Anti-Conversion bill in Tamil Nadu, the state where I live, was removed after two years of prayer by many believers in the churches throughout the state. God took two years to put the complex political situations in line to remove the anti-conversion bill. Normally it is impossible to remove such an ordinance by the Government.

Sometimes it takes time for God to prune our negative attitudes, wrong habits, values on possessions and spiritual idols, which will be normally hindering our prayer life.

Sometimes He requires massive prayer to make a breakthrough in the devil's hold and fortresses. The Tamil Nadu Highways department

planned to demolish the Arcot Pentecostal Church building, which was on the Vellore Chennai High Road. The whole church prayed through chains of prayer day and night. The Lord answered their cries and the Tamil Nadu Highways department changed the road laying plan to the opposite side of the church. The church premises was safely spared and now it is a growing, witnessing church.

There is always a mystery in the timing of God's answer. It is a mystery to us because we cannot see as God sees. If we see as completely as God does, we would understand what God means by "the proper time." "Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up" (Galatians 6:9).

Sometimes the answer is delayed because the devil is strongly possessing a people group or a situation or a place. Jesus taught that some cases of demon possession required more prayer and fasting than others. Spiritually sensitive people have sometimes been aware of greater spiritual darkness and resistance in certain geographical areas. Satan seems more entrenched, particularly in areas where there has been much Satan worship in its various forms, occult practices, or idolatry. It often requires prolonged prayer or amassed prevailing prayer before spiritual breakthrough comes in such places.

The following model of prayer practiced in Sandola village is a radical example of how persistent and continuous prayer can change a dark village into a Christian village. The tribal people of Sandola village which is in Jharkhand state used to sacrifice cows, goats, buffalos and hens for their gods. If their gods were displeased with such sacrifices, they used to do human sacrifice also.

A few missionaries went to lead this people to Christ in the year 1987. The village people stopped them from entering the village. Missionaries, evangelists and believers prayed for that village with a great sense of burden. After 7 years of prayer and perseverance, a few women from Sandola village came and asked us to teach them songs of Jesus. As per their request, we proclaimed Jesus in Sandola village through songs in the year 1993. As a result, 64 persons (60 women and 4 men) took baptism in the month of October 1994. The women who took baptism said: "We pray for our husbands with fasting. They too will accept Jesus Christ". God honored their faith and they participated in the Christmas service as families. The next day, all the village people took baptism. From that day onwards, they stopped their animal and human sacrifices and began offering the sacrifices of praise joyfully to the Lord Jesus. A church was built there, and the people are worshipping God. Hallelujah! So perseverance is a very important component of the intercessory prayer to receive answers from God in His sovereign time.

Ezra Malto, an evangelist in Jharkhand prayed with a great passion and with fasting to ask the Lord to give one church in each of 76 villages of Hiranpur Taluk. On the 4th day of his fasting he fainted. When revived, he was asked to take some food. He refused to take food, saying unless the Lord answered his prayer he will not stop his fasting prayer for Hiranpur Taluk. By the Lord's grace, he completed 7 days of fasting prayer successfully. Then, a real spirit of prayer broke out among his church elders and believers. Many continued to join Ezra Malto and prayed and did continuous outreach in all the 76 villages of Hiranpur Taluk. Now, there are churches in each of the 76 villages of Hiranpur Taluk. 60 villages have become totally Christian villages. This is another example of importunate, persevering prayer.

Having served 22 years in a missionary organisation, the Lord enabled us to network prayer and organize many united prayer initiatives such as 12 hours of fasting prayer, 24 hours, or 72 hours. Such united prayer efforts

have ignited movements of prayer in places wherever we practice this regularly. United prayer increases unity and faith among the praying people and churches in the area or state where we practice this continually. Powerful strongholds are pulled down by the Lord's answers to united prayer. We still have freedom to preach the Gospel and plant churches in those areas in spite of opposition due to the arrogance of Hindu majority-ism.

But after attending World Prayer Assembly from 14 - 18 May 2012, Jakarta, Indonesia, we from India felt that what we do in India for prayer is very less compared to what is happening in Indonesia, Korea and China and other nations

On Praying for ISIS

This letter which contains much wisdom from J. John, a British evangelist, was forwarded by Leighton Ford to a friend of ours

"My son asked me last week, 'How should we pray for ISIS?' A good question and one that needed pondering for a few days! It is hard not to feel very strongly about the rise of ISIS in the Middle East and

the brutal and very public barbarities it has carried out. This all raises many questions for the Christian. How should we respond? And what should we pray: 'Lord, destroy them!' or 'Lord, forgive them!'?

There is no doubt that some sort of intelligent military action is necessary. This is a merciless organisation whose destruction of Christian and other communities in the Middle East tells us that it cannot be allowed to continue. Yet there are real dangers for us all here. The first danger is that we adopt an arrogant self-righteousness. The meteoric rise of ISIS - or whatever it calls itself now - is actually no unexpected wonder. It draws its support from a widespread dislike and contempt for the unjust and corrupt political systems that have long dominated the region. Yet these are regimes that, despite knowing fully what they did, the West was very happy to support as long as they supplied us with oil, bought our goods and didn't oppress our people. So in our praying we must admit at least some responsibility for the present state of affairs.

A second danger lies in having a coldness of heart. In our praying and our actions we must be concerned for the many in the region, of every religion and of none, whose lives have been turned into tragedies by current events. We need to pray, 'God have mercy!', but as we do so let us also be prepared to be the answer to that prayer.

The third danger is quite simply that of hating those who fight for ISIS. Let me suggest three reasons why this is wrong. The first is that we believe in a God who judges. We know that at the end of time the Lord will call all men and women to account before him for what we have done. Knowing that our enemies face such a prospect should transform any temptation to hate them into compassion.

The second reason why hatred should be avoided is that we who are Christians are under orders not to hate but to bless. In the Bible we read this: 'Do not repay evil with evil or insult with insult. On the contrary, repay evil with blessing, because to this you were called so that you may inherit a blessing' (1 Peter 3:9). There is a profound psychological logic here. Hatred only breeds more hatred in response; in contrast, grace and forgiveness can end it. Let's have the courage to pray that these people might encounter the true and living God and abandon their evil deeds.

The third reason why I believe hatred must be shunned is not primarily theological but actually tactical. Something that the media has largely failed to understand is that the public and deliberately shocking nature of such acts as the beheadings of journalists and aid workers is a deliberate strategy to make us hate the perpetrators. Their goal is to create a situation in which Islam and the West find themselves in a bitter and bloody war. They want us to hate them, and I suggest that we are wise not to fall into that trap. Indeed, the greatest of all dangers is that the Christian Church so demonises the forces of radical Islam that our religion of grace and love is extinguished under the weight of wrath. Under such circumstances the Church would cease to be the Church. In a bitterly ironic triumph of evil we would have simply become the mirror image of our enemies.

These are perilous days, but God is great and prayer can achieve what armies cannot. Let us pray and if, as we do, fine phrases fail us, we can always pray those simple wise old words, 'Lord, let your Kingdom come and your will be done.'

Rev. J. John

Prayer Initiative In Iraq

During the first two weeks of September, one of our colleagues whose name is Sam (last name not included for security reasons) was able to facilitate two prayer seminars for Iraqi believers in Erbil, Kurdistan and in Baghdad. Here is his account of what happened and some continuing prayer concerns:

"It has not been easy for the believers to raise up in faith to pray for their nation. One night a believer - lady and her family were robbed at gun-point through 8 gunmen, during those days of prayer. This really discouraged believers again, after the major bomb-blast I mentioned before, the evening before I arrived. Anyway, I kept encouraging them, challenging the inner - circle of the church to increase their prayer - commitment and taught them with plenty of testimonies, how prayer changes cities & nations.

We finished well with several active prayer-times, standing in cross - formation, facing in the directions of IS etc. and once for the young generation & their future. Prayed against evil and corrupt & wicked politicians to be removed, for God to tear down the wicked high places and for the march of death by Shias to stop etc.

In the final meeting, I challenged them on bringing a real expression of their faith into society by worship, intercession, prayer-walking and blessing the nation and the majority people. We finished with a ministry time for many, many individuals, where God touched some people very deeply and they couldn't stand anymore. One lady was shaking for hours through the power of God.

Praise God for these things:

- France has started their air campaign in Iraq against IS. Note from editor: 5 Arab nations have also joined with about 60 nations willing to assist now.
- Kurdish forces have advanced against IS in Northern Iraq and Syria.
- Believers in Baghdad have started praying for their neighborhoods and see positive changes.
- One lady doctor is committed to lay her hands on the hearts of her patients while doing check - ups and praying for them, blessing Muslims etc.

Please keep praying for the following for Iraq (and Syria). Here are some requests from Sam with some additions from the editor:

- **Iraqi believers to take responsibility for their nation in prayer and to receive a fresh boldness instead of fear (many struggle with depression, fear, hopelessness).**
- **Church leaders to get a strong burden & love for their country and lead the believers into prayer instead of leaving (quite a number of churches are already been closed down).**
- **The international alliance of nations against IS to effectively fight IS and to continue a successful campaign against the terrorists. Formation of an international expeditionary force to be rapidly deployed wherever radical Islam and terrorists operate.**
- **The government in Baghdad to be strengthened and the old revengeful politicians to be stopped since they cause havoc through sponsoring bomb-blasts and killings. Pray for Prime Minister Haider to be strong, honest, non-sectarian. He recently received prayer by a friend in Baghdad. So did some Peshmerga military leaders for their actions against IS in the north. May many political leaders in the nation come to know and pray to the Lord for the healing and transformation of their nation!**
- **For peace for Iraq, development, foreign investment, rebuilding of the infrastructure etc.**
- *** That all places that have been conquered by IS / ISIS / ISIL / Al Qaida will be taken back by the Iraqi & Kurdish forces.**
- *** For Christians in Iraq and Syria and other places affected to faithfully persevere; for their protection, provision for their basic needs and that they will boldly proclaim Jesus**
- *** For the influence of the demonic forces and evil alliances to be broken and destroyed.**
 - *** For extremists/jihadists to meet Jesus Christ as their Saviour and as the Prince of Peace. (Percentage wise more radical/jihadist Muslims are coming to the Lord than any other group amongst Muslims.) Remember the man Saul a radical Jew who became Paul the greatest missionary of all time.**

ISIS Organizing to Attack Active Duty US Military and their Families

Sunday, September 21, 2014

Concerned governmental sources have called for prayer over information they just received that ISIS sleeper cells in the United States are organizing in a coordinated effort to attack active US military and their families.

A confidential government source called BridgeBuilders' President Hal Sacks on Saturday night with the news and plea for prayer.

He told Sacks, "We were briefed last night by the Air Force that 3 or 4 days ago ISIS put out a call to all of the "sleepers" or underground ISIS members in the United States to start an organized attack against the active duty military and their families."

As Christians we must take this threat seriously! God can thwart this and any terrorist threat against our nation if we will fervently call upon Him (2 Chron. 7:14).

PRAY:

- **Pray for President Obama like never before!! He is president during one of the most dangerous times for America and the world and needs our fervent prayers every day.**
- **Pray for wisdom and strategy for the US Congress, Homeland Security, and the US Military**
- **Pray for the Exposure of ISIS plots**
- **Pray protection over our US Military personnel and their families.**
- **Pray for the protection of US Military bases.**

Remember to pray for the yearly Hajj: 2-4 October 2014.

We encourage you to ask people to pray also for the yearly Hajj - 2-4 October 2014. Between 2-3 million Muslims will visit Mecca during this time. The following two links will give you some information on the Hajj and how to pray about it.

National Prayer Assembly : Seeking the Face of God for America

October 29-30, 2014 Washington, D.C.

The National Prayer Committee, Mission America, Intercessors for America, Jesus Alliance, IHOP and International Prayer Council are cooperating to call together people with a heart to pray for an all-out time of prayer for the nation just before the congressional elections. We sense that the country is at a crucial point in its history with many dangers and threats from without and within that need to be confronted through getting on the Lord's wavelength with others from across America. As one theologian put it, "History belongs to the intercessors, who believe the future into being!"

Calling for a Gideon's Army of Prayer Warriors for such a time as this! Are you sensing a call of God to a time of intense intercession for the United States? At this time of growing crisis in which our nation seems to be have lost its direction morally, spiritually, politically and economically, a number of Christian leaders have heard that call and are inviting you to Washington DC, October 29-30 for a National Prayer Assembly. Scheduled just one week before our national elections, it comes at a crucial time in our nation's life. It is not a time for politicking or posturing, but for passionate prayer for a fresh move of God for the transformation of our nation. Our prayer focus is on repentance, reconciliation, and revival in the spirit of God's great promise for national restoration in 2 Chronicles 7:14.

This gathering is being sponsored by America's National Prayer Committee, The International Prayer Council, IHOP, Mission America Coalition, Intercessors for America, and Jesus Alliance.

The venue will be the Sheraton Pentagon City in Arlington, Virginia near Reagan National Airport. A registration fee of \$55 helps us secure the gorgeous meeting room overlooking all of D.C. and provides coffee, tea, and water for the two days of praying together. The hotel is located close to the Metro and allows us easy access to visit significant sites in the City for onsite intercession. The registration site is: www.nationalprayercommittee.com Additional details can be found there, including information on reserving your rooms at the hotel. If you would like to stay at the Sheraton, the hotel number for reservations is: 1 800 325 3535. There are less expensive hotels a few minutes away in Alexandria.

Light the Window

A Billion Hours of Prayer and \$1 Billion by the Year 2020

The 10/40 Window region is home to 3 billion Muslims, Buddhists and Hindus, the vast majority of whom remain with little or no access to the gospel in their language and culture. Over 90% of the world's least-reached people groups are in this region, among which 50,000 people will die each day without Jesus.

One answer to this spiritual darkness is a new initiative called Light the Window, which aims to

equip 10 million believers around the world to pray and give sacrificially to reach 365 influential people groups in the 10/40 Window region. These 365 groups represent over 2.5 billion individuals who are the least-reached and least-evangelized people in the world. Mission strategists refer to these large groups as "gateway peoples" because if a breakthrough happens among them it may have a huge impact on the surrounding peoples, who are often related linguistically and culturally to these larger groups. In one way or another, most of the world's unreached peoples are influenced by or connected to these gateway peoples.

At its core, Light the Window is a strategic list for prayer and priority giving. Around this core are many related components which will equip the body of Christ for united impact in the 10/40 Window. Among these are monthly concerts of prayer, an online prayer exchange, a global strategic fund, and a service network. These four components are briefly described below.

Concerts of Prayer

Each of the 365 gateway peoples on the Light the Window list are grouped into one of 12 cultural regions, one for each month (see table). For example, in November the focus will be on Central Asian Muslims and in April the focus will be on Hindus of North India. Each month Light the Window participants will be encouraged to organize and gather in a "concert of prayer" for the particular region in focus. The concept of "concerted" prayer relates to two important dimensions of intercession: corporate unity and specific purpose. This is based on the principle which Jesus gave the church, "If two on earth agree about anything they ask, it will be done for them by my Father in heaven." (Matt 18:19, ESV). Thus the purpose of a "concert of prayer" is not so much to mobilize or spread awareness about the 10/40 Window (though that will certainly happen), but it is more to enter into agreement as the corporate body of Christ in order to receive the authority God desires to give us to reach the nations.

Prayer Exchange

One of the major purposes of Light the Window is to equip intercessors around the world with prayer updates from the field, and to make these available in every major language with a significant number of evangelicals. To facilitate this field/intercessor connection, an online prayer exchange is being set up that will enable field practitioners to upload updates that will then be translated by volunteers in every country. In addition to this, a Light the Window app for smart phones is being developed which will allow participants to log their prayer participation and receive live prayer feeds from the 10/40 Window for the people groups they are following. Each year, these field reports will be edited and coalesced to update an annual Light the Window intercessory guide, which can be used in print or digital form.

Strategic Fund

If Light the Window achieves its goal of equipping ten million participants around the world, the potential for giving to fund strategic projects is enormous. Using "crowd-funding" technology and concepts, participants will be encouraged to give small regular contributions to fund big projects. Crowd-funding sites like Kickstarter and Indiegogo are raising hundreds of millions for funding commercial ventures through large numbers of people working together. The time has come for the global body of Christ to leverage its enormous giving power to finish the task of reaching all peoples with the gospel. By faith, Light the Window is aiming to raise at least \$1 billion dollars from 10 million participants to fund strategic projects in the 10/40 Window. (This comes to just \$10 on average per participant each month.) With an estimated 800 million evangelicals in the world, it is

reasonable to assume that at least 10 million believers will have the capacity to participate in this strategic fund.

PRIME Teams

In addition to prayer and giving, participants in Light the Window will be encouraged to join service teams, which are being called PRIME teams, that serve the ongoing field work among unreached peoples. PRIME stands for prayer, research, innovation, media and engagement. PRIME centers will also be established on the field that will serve full-time as coordinating hubs for PRIME teams, with a focus on a specific gateway people or people-cluster. These teams and centers will be linked together through a network of organizations and ministries which specialize in one or more of the five PRIME areas.

Participation

Light the Window and PRIME are networks which are owned by the entire body of Christ and mission community. Any ministry, church or organization committed to the Great Commission under the Lordship of Christ can participate in these initiatives and incorporate them into their existing ministry platform. They are free gifts to the global church with no strings attached (or to put it in tech-speak, they are "open-source" programs that can be freely deployed and adapted for multiple platforms). Light the Window and PRIME plan to officially launch in 2015. Those interested in participating in Light the Window can help beta-test the program by registering at www.ltw2020.org.

The Emerging Role of the Prayer Strategist and Strategies of Prayer

by Liz Adleta

We believe prayer is the indispensable key to the unfinished task among the 'Forgotten Fourth World'-the one-fourth of the world with little access to the gospel. Unquestionably God has impressed that upon us as a Body and He has been growing a global prayer movement for decades now. The Lord has been calling people of prayer to model and assist others in cultivating conversational relationships with God and to ignite movements to Christ based on extraordinary prayer and intimacy with Him. This urgent necessity quickly became obvious, not only to survive, but to see fruit flourishing in these mostly hostile environments. In the course of pursuing loving obedience to His call, major prayer innovations have been and are being birthed. One of these seems to be the emerging role of the 'prayer strategist' that links passion for and practice of prayer and connection to prayer movements and networks with strategic field efforts to catalyze cascading movements to Christ.

A strategist is someone skilled in planning to find the best way to gain advantage or achieve success. Thus, a 'prayer strategist' serves on a team (strategy team, church, denomination, organization) and, in partnership with others on this team seeks to engage in and catalyze

prayer that both informs and flows from the team's vision and strategy through:

- Regularly drawing near to God in prayer, worship and adoration both individually and as a team;
- Becoming aware of gaps and hindrances in reaching the vision God has entrusted to them;
- Researching, envisioning and refining strategies for overcoming those gaps;
- Maximizing strategic implementation of the team's strategies particularly related to prayer;
- Periodically refining those strategies with the team in times of prayer together.

The 'prayer strategist' has a posture of servanthood, supporting others in the Body of Christ. Think of the person sitting in the crow's nest of a great ship, watching the horizon and advising the helmsman of events and circumstances beyond his awareness. It is a position of influence more than a position of authority. Using the analogy of constructing a building, someone needs to be watchful to make sure that all the components have been fit together according to the architect's design. The prayer strategist, along with his or her teammates, would watch for any gaps, challenges or opportunities that emerge in that ministry so they can be appropriately addressed in prayer and action.

1 Chronicles 12:32 speaks of the men of Issachar who understood the times and knew what needed to be done; these people might be representative of 'prayer strategists.' Nehemiah is another example. Nehemiah interceded about the broken down walls of Jerusalem and he gained favor with the king, permission and resources, mobilized teams to do the actual work, and oversaw the completion of the project. Prayer was the way he received a strategy and was integral to the project's success. In the New Testament, Barnabas was an encourager, connector and prophetic intercessor for in the spread of the Early Church. He brought Saul into relationship with the apostles and served alongside Paul in pioneering new work for the gospel. He was another example of this same function in the Body of Christ.

What kinds of prayer strategies are should be part of the effort to see the advance of the gospel among the unreached?

- Prayer as conversation and intimacy with God is foundational to igniting movements to Christ, both for individuals and for teams.
- Fasting prioritizes the best things for His glory and kingdom.
- Prayer mobilization, training and team building facilitate God's manifest presence and our cooperation. Love and unity demonstrate the truth of our testimony, but are impossible without abundant prayer.
- Prayerful End-visioning is using reverse problem solving to form your strategy to take Christ to your people group.
- Worship is both a form of prayer and a form of spiritual warfare. We draw near to God and He reveals to us the strategies of Heaven and empowers us to release His kingdom on earth as in heaven. Establishing permanent lighthouses of continuous prayer and worship creates beachheads for the kingdom of God.
- Personal restoration and transformation ministries, healing and deliverance ministries, conflict resolution, all grounded and guided through prayer, help us access Jesus' abundant life. Often, signs and wonders also result.
- "Representational confession" or "identificational repentance" makes reconciliation and renewal possible for families, churches, communities, tribes and nations. God wants to direct us in prayerful

action to be part of releasing breakthroughs by addressing offenses.

- Moving prayer onsite into the community brings the presence of Christ where He is not yet recognized and worshiped. The church models the whole gospel to the whole community such through onsite prayer.
- Spirit-guided research into the supernatural underpinnings of reality produces more informed, effective intercession and outreach.
- As we witness the acceleration of wars, rumors of wars, plagues, famines and earthquakes indicated by Matthew 24, as believers walk in conversational relationship with God, they will be ready to seize these as opportunities for the Gospel.

Our battle IS prayer and through prayer we appropriate the victory Jesus bought at great cost. In obeying the Great Commission while following the Great Commandment, we pursue the Great Commitment to a lifestyle of unceasing prayer. If you sense God drawing you to join hands with others to apply the indispensable key of prayer to finish the task, you may find strength in the fellowship of others walking this journey.

The World Youth Prayer Assembly- July 2016

In January 2010 a vision was shared with market place and ministry leaders in Indonesia about hosting a World Prayer Assembly in 2012. Indonesia was asked to host this "once in a generation" gathering because of their spirit of prayer and their unity within the body of Christ. As the leaders of church bodies, national networks and market place leaders there heard the vision, they began to ask themselves if God was indeed calling them to serve and bless the nations. As they began to step up, these leaders began to see themselves in a new light - with an enlarged assignment.

Because Korea had hosted the only other event like this in 1984, my colleague John Robb, chairman of the International Prayer Council, and I traveled on to Korea to ask them to bring their gift of prayer to this event. Before our trip concluded, we were convinced Korea should serve as co-host with Indonesia for the WPA.

As we traveled back to Indonesia every three months to work with our Indonesian friends and others, we watched in amazement as the Church in Indonesia continued to prepare in ways we never imagined. Pastors and leaders began to meet weekly for prayer in cities around the nation. Intergenerational prayer gatherings became more and more common. New prayer towers were started. Everywhere we looked the Church in Indonesia was becoming more prayerful and more united as it prepared for the WPA.

One unexpected outcome was that leaders in different cities began to have a simultaneous citywide prayer gathering in their city at the same time one was planned for the national stadium in Jakarta. At first members of the International Prayer Council were skeptical. We wanted to be sure to fill the national stadium to overflowing for this four-hour event. But our Indonesian colleagues were telling us that God was doing something very deep and special in the hearts and lives of leaders in their cities. They wanted the whole body of Christ to come together on that special day, across all the worship styles, denominations and generations. As the decision was made to allow this, first there were going to be 5 other cities

involved, then 10. The number grew to 50 and then 100. The final number was 378 cities connected, most by satellite link, to the national stadium with somewhere around 4 million people participating!

As the planning developed, the national team in Indonesia sensed that God was calling them to an ongoing united prayer and outreach strategy following the WPA. The My Home Indonesia initiative was birthed with a goal of calling every Christian in the nation to adopt their own street, neighborhood, school, workplace, wherever God had placed them. They would pay attention and look for the needs. They would then adopt that place and those needs in prayer and follow up with action as God directed. And they would seek to do this together with other believers in their area.

During the stadium event at the WPA on May 17, 2012, My Home Indonesia was launched. Hundreds of thousands expressed interest and commitment to the project by text message. In September, a My Home gathering in Surabaya, Indonesia, highlighted the growth and development of the movement in cities and communities around the nation since 2012. Of the 2,500 in attendance, leaders from all 33 provinces as well as 1,000 pastors, ten mayors and many business leaders participated. So the overflow of the WPA in Indonesia continues to find growing expression across the nation.

From the beginning the World Prayer Assembly was designed to be a true tri-generational event with children and youth as full partners. As a result a strong children's and youth track were included. In the national stadium event in Jakarta, 20,000 children and 20,000 youth were part of the 100,000+ in attendance along with the adults. Through that experience at the WPA in 2012, a new vision has emerged. Both senior leaders and leaders of the youth track, led by Pastor Jerome Ocampo, have been praying about the possibility of arranging a World Youth Prayer Assembly.

There is no doubt that we are in a season where God is at work, "Turning the hearts of the fathers to the children and the children to the fathers, Malachi 4:6." Could God be calling the Church worldwide to harness their gifts of prayer and mission in a way that would encourage and release the next generation into their destiny for the nations? Could the youth step up to design and lead such an event - with the encouragement, guidance and support of their elders? Could the youth help birth new expressions, new rhythms of prayer around the world? And could the global Church play a role in cheering them on towards this end?

At the end of August, a number of youth prayer leaders along with members of the International Prayer Council met in Hong Kong to do some initial planning. Please pray with us for the next steps in organizing the WYPA. We are in the process of considering a venue and making other arrangements. Pray especially for Pastor Jerome Ocampo who has accepted the responsibility of coordinating this event.

We believe that children and youth are called to be full partners in God's mission. We are excited about the potential of the youth becoming catalysts and partners for an awakening of children and youth around the world. Habakkuk 2:14

A Vision for "God's New Wave": The World Youth Prayer Assembly 2016

We have a generation today that is hungry for a cause that will match their unique DNA. They are waiting to be challenged to reach their full potential, as individuals and as a generation. The World Youth Prayer Assembly planning team believes that God is setting-up a globally-connected, digital, radical generation whose passion is to seek His face, for such a time as this. They only need to be gathered, challenged, and released to their destiny.

Imagine calling forth and engaging an emerging generation, tens of thousands from every nation to challenge and empower them to fulfill their destiny as catalysts for Christ's Kingdom. Imagine the gathering being led by the youth and for the youth. Imagine them being the Psalm 24 generation, corporately seeking the face of God in worship. Imagine them receiving a clear understanding of their unique, individual callings. Imagine each of them acquiring the fire and receiving anointing and impartation to fulfill their special, unique destiny. Imagine them going back to their respective spheres of influence to affect change and become His leaders of tomorrow in all walks of life. Can you see the new wave of global revival and transformation that is stirring already?

The WYPA will not be just another event; it will be a historic, strategic convergence of youth and children from across the world, that will be used of the Lord to catalyze an ever building wave, releasing His glory in the nations. God has always called and used young people to do exploits for Him in both Scripture and history.

The spirit of Elijah cries out, "Prepare ye the way of the Lord!" Let us summon and prepare the youth of our world! Let us gather a generation to seek His face. Let us invite them to get connected to one another and to be released into their destiny for their generation and the generations to come. Let us gather them for a World Youth Prayer Assembly. Just one, God-ordained moment in this event will change their lives forever and our world will never be the same!

Transformation Uruguay - 2030 (TU2030)

The last week of August 2014 was perhaps a turning point in the spiritual history of Uruguay. This small South American republic, known the world over for its achievements in soccer (fútbol), is also known in the Christian world as the most secular country in the American continent. However, God has begun a process towards a different future, using diverse groups of visionary and obedient Christian leaders. In that one week, two historic events took place in rapid succession:

- * A group of 10 select leaders gathered in a two-day retreat to visualize together a totally reached nation.

- * Over 60 leaders attended the launching of a 15-year plan for the transformation of Uruguay.

José L. González, an Uruguayan who emigrated from his country in his youth, facilitated the retreat. For the past 30 years he has accompanied with his ministry, Semilla, hundreds of Latin American Christian leaders committed to the transformation of their nations. In four sessions of visionary planning, the group, composed of pastors, entrepreneurs, government officials, journalists, jurists, educators, intercessors and other professionals, agreed on a shared vision for the transformation of their nation... Separately, during the same week, sixty leaders attended the launching of a 15 year process of transformation under the name of Transform Uruguay 2030 (TU 2030). This initiative, in which hopefully all sectors of the Uruguayan church will participate, resulted from the vision of a small group of leaders, "Cosmovisión" (Worldview). Originally gathered to accompany the first evangelical Congressman of Uruguay, Gerardo Amarilla, these brothers have volunteered to serve the church and the Christian people of Uruguay to seek the transformation of their nation. They want to serve particularly all the branches of the Body of Christ and to join the other initiatives of prayer and equipping that have already begun, for transformation in their country.

During the launching of Transform Uruguay 2030, an initial team of facilitators for each of the 7 spheres of social influence called those present to identify their sphere of calling and to form groups of prayer, research, planning and execution. Together they propose to prepare a larger National Transformation Forum in August 2015. They hope to bring studies of the national reality and suggestions about how the church itself, and the Christians as individuals may act for transformation for each sphere. The organizers hope that with good preparations, hundreds of Christian leaders will participate in the National Forum, which will include the first Christian expo of ministries and resources from Uruguay and abroad.

While the vision of Transforma Uruguay 2030 was born, as it should be expected, from a handful of mainly lay people committed to the Lord, pastors and church leaders will inevitably play a leading role, encouraging and guiding the flocks under their care. For this purpose, a special meeting is being planned to present to them the vision of Transformation in its various global and regional expressions. One of the original facilitators, Pastor and entrepreneur Rainer Kunze, said: "I am convinced that we are in a very special, a Kairos moment of God for the transformation of our nation. There are many visible signs that show that it is so, and many motivated and passionate people eager to bring transcendent changes through the love, the power and the glory God." Luis Bush, Transform World

Please pray with our brothers and sisters from Uruguay for the success of this transformation effort, for His unity and clarity and that the movement will be bathed in seeking the Lord together in much prayer.

Bridging the Generations

"And he will turn the hearts of the fathers to the children and the hearts of the children to their fathers before the coming of the great and dreadful day of the Lord." Malachi 4:6

In these increasingly challenging times the church, and our children and families, have come under siege. The foundational strength of the family has begun to erode, leading to "fatherlessness" in our culture.

Loss of family strength has weakened and sidelined the church's influence in the midst of a culture that desperately needs the healing message of Jesus Christ. We are at a critical point in our nation and world in turning our hearts back to one another. One powerful way to bring about such a shift in our hearts is by blessing one another within our family units and among our close friends.

With concern for the strength of our families, we invite you to join in a cooperatively sponsored initiative between Transform World 's Family Challenge, Family Sphere, and Celebration Challenge, calling for October 4th to be a day of "Bridging the Generations." This will be a day for fathers and mothers to bless their children, for children to bless their parents, and for friend to honor friend through spoken blessing. We have faith that this simple act will begin to repair the breach in our society, and to restore and strengthen one another, bringing healing among the generations and within our relationships.

Why October 4th:

- * It represents the 50-year-anniversary of the historic protests, which broke out on the UC Berkeley Campus. That movement, which inspired a rebellion that tore through the generations, led to a "fatherlessness" which is even now impacting our culture and the world. Biblically, the 50th year is the year of jubilee, a time of aligning ourselves with God and His Word, in order to return to His ways and repair our present society. In light of this, a powerful reconciliation effort will be held on the campus of UC Berkeley this day.
- * It is the "Day of Atonement," the holiest day in the Hebrew calendar. For Christian believers, this day is a reminder of the sacrifice Jesus paid on the cross for our sins. It is a day of remembrance and of turning from sin and rebellion back to the Word of God and its foundational truths.

How to bless:

- * For families: Simply gather as a family to take time to pray over each other with a positive word of blessing, destiny, purpose, and commitment.
- Father/Mother to children, and Children to fathers/mothers.
- Call or email children who are not present to express a blessing over them.
- * For families broken by separation, or where there has been hurt/division: Reach out in love to family members where relationships have been broken and express your care and love for them in a blessing. (Use the story of the prodigal son as a foundational reference: Luke 15:11-32)
- * For friends: Purposefully connect with or call to bless, friend to friend.

- * For broken relationships: Purposefully call someone who has hurt or opposed you, to bless them as Jesus said, "But I say to you, love your enemies, bless those who curse you, do good to those who hate you, and pray for those who spitefully use you and persecute you." (Matthew 5:44) Tell them the ways God has used them for good in your walk with Him. Confess any offenses you have caused them.
- * To make the time of blessing more meaningful, we would encourage a time of food and fellowship.

Example of a blessing:

- * Key components of a blessing: Love and acceptance, placing value on the person, acknowledging his/her gifts and special future, committing to honor them and build relationship with them.
- Example: "I want to take a moment to bless you and thank God for you (name). I am so thankful for you. You have been a great blessing to me. I value and honor the (gifts, abilities, personal attributes) God has given you. I believe God has great plans to prosper you, not to harm you, and to give you a hope and a future (Jeremiah 29:11, be as specific as you can be). I am personally committed to stand by you and to support you toward the fulfillment of God's plan for you.

Scriptural promises of the Blessing:

- * Proverbs 10:22 "The blessing of the Lord makes one rich and he adds no sorrow with it."
- * Psalm 5:12 "For You, O Lord, will bless the righteous; with favor You will surround him as with a shield."
- * Psalm 10:7 "The memory of the righteous is a blessing, but the name of the wicked shall rot."
- * Psalm 37:22 "For those blessed by Him shall inherit the earth."

Ephesians 1:3 "Blessed be the God and Father of our Lord Jesus Christ, who has blessed us with every spiritual blessing in the heavenly places in Christ."

Invitation to Prayer Ministry Leaders Across America

iPledge Sunday 2014: The Rise of the Church

Would you please commit yourself and your ministry to iPledge Sunday 2014: The Rise of the Church and join fellow prayer leaders and prayer organizations in making a significant impact in the outcome of November 4th Election Day? This will include a kick-off live webcast event of information, inspiration, and invitation in mobilizing Kingdom value votes on October 12th. iPledge Sunday is a NON-PARTISAN JOINT EFFORT to get out the vote.

- Please visit www.ipleldgesunday2014.com, watch the inspirational promo video on Youtube and learn about the October 12th live webcast event.
<http://www.youtube.com/watch?v=E3XguLBBUDk&authuser=0>,
- MOST IMPORTANTLY, please join the coalition of ministries. Then, email me at prayersurgenow@gmail.com, with a note stating that

you and your ministry have signed up. Please use the subject "iPledge Sunday".

The upcoming Midterm Elections (in just 5 weeks!) will play a critical role in determining the path of our nation. Together as servant leaders of prayer ministries from coast-to-coast and cities/regions throughout these United States, let us unite our hearts and prayers as ONE, vote for godly candidates, AND urge the Body of Christ to do the same. Together in Christ, we will be His CATALYSTS for our Father's destiny for America!

Dai Sup Han, National Facilitator, Prayer Surge NOW!
prayersurgenow@gmail.com

The upcoming national election will be a crucial one for the USA. Please pray for a strong turnout of Christians, many of whom have not tended to vote in past elections. Pray that this time they will take the initiative to get informed and show up to vote their values so that honest, good candidates will be put into power and the agenda of the evil one and wicked people will be exposed and overthrown.

Islam, a Religion of Peace?

The author of this email is Dr. Emanuel Tanay, a well-known and well-respected German psychiatrist.

A man, whose family was German aristocracy prior to World War II, owned a number of large industries and estates. When he was asked how many German people were true Nazis, the answer he gave can guide our attitude toward fanaticism. 'Very few people were true Nazis,' he said, 'but many enjoyed the return of German pride, and many more were too busy to care. I was one of those who just thought the Nazis were a bunch of fools. So, the majority just sat back and let it all happen. Then, before we knew it, they owned us, and we had lost control, and the end of the world had come. My family lost everything. I ended up in a concentration camp and the Allies destroyed my factories.'

We are told again and again by 'experts' and 'talking heads' that Islam is the religion of peace and that the vast majority of Muslims just want to live in peace. Although this unqualified assertion may be true, it is entirely irrelevant. It is meaningless fluff, meant to make us feel better, and meant to somehow diminish the spectre of fanatics rampaging across the globe in the name of Islam. The fact is that the fanatics rule Islam at this moment in history. It is the fanatics who march.

It is the fanatics who wage any one of 50 shooting wars worldwide.
It is the fanatics who systematically slaughter Christian or tribal groups throughout Africa and are gradually taking over the entire continent in an Islamic wave.

It is the fanatics who bomb, behead, murder, or honor-kill. It is the fanatics who take over mosque after mosque.

It is the fanatics who zealously spread the stoning and hanging of rape victims and homosexuals.

It is the fanatics who teach their young to kill and to become suicide bombers.

The hard, quantifiable fact is that the peaceful majority, the 'silent majority,' is cowed and extraneous.

Communist Russia was comprised of Russians who just wanted to live in peace, yet the Russian Communists were responsible for the murder of about 20 million people. The peaceful majority were irrelevant. China's

huge population was peaceful as well, but Chinese Communists managed to kill a staggering 70 million people.. The average Japanese individual prior to World War II was not a warmongering sadist. Yet, Japan murdered and slaughtered its way across South East Asia in an orgy of killing that included the systematic murder of 12 million Chinese civilians; most killed by sword, shovel, and bayonet. And who can forget Rwanda, which collapsed into butchery. Could it not be said that the majority of Rwandans were 'peace loving'?

History lessons are often incredibly simple and blunt, yet for all our powers of reason, we often miss the most basic and uncomplicated of points:

Peace-loving Muslims have been made irrelevant by their silence. Peace-loving Muslims will become our enemy if they don't speak up, because like my friend from Germany, they will awaken one day and find that the fanatics own them, and the end of their world will have begun.

Peace-loving Germans, Japanese, Chinese, Russians, Rwandans, Serbs, Afghans, Iraqis, Palestinians, Somalis, Nigerians, Algerians, and many others have died because the peaceful majority did not speak up until it was too late.

In Australia, and indeed in many countries around the world, many of the most commonly consumed food items have the halal emblem on them. Just look at the back of some of the most popular chocolate bars, and at other food items in your local supermarket. Food on aircraft have the halal emblem, just to appease the privileged minority who are now rapidly expanding within the nation's shores.

In the U.K, the Muslim communities refuse to integrate and there are now dozens of "no-go" zones within major cities across the country that the police force dare not intrude upon. Sharia law prevails there, because the Muslim community in those areas refuse to acknowledge British law.

As for us who watch it all unfold, we must pay attention to the only group that counts - the fanatics who threaten our way of life...And we are silent.....and then. . . silenced. We shall not be silent or silenced!

Pray for Pakistan

Sept 2014

FLOODS

In 2010 Pakistan recorded the worst flood on record, with over half of the country covered in water. The UN said, "more people were affected than the combined total of 3 other major catastrophes - 2004 Indian Ocean tsunami, 2005 Pakistan earthquake and the 2010 Haiti earthquake."

Punjab the largest province (meaning land of the 5 rivers) where the most people live is experiencing even more devastating floods than in 2010. So far

over 1.8 million people have been affected; 700+ villages have been wiped away;
 10,000's of livestock have been lost; the military has evacuated 4,000+ people
 by helicopter and boat; and over 4,000 people are still marooned. Roads and
 infrastructure are being washed away; food and drinking water are needed. Many
 are living on dikes and are being asked to leave as these dikes are being blown
 up to divert floods away from major cities. The monsoon rains are still continuing as the floods move south carrying destruction in their path.

PRAY

For people who have lost everything.
 For aid to reach these people. (The Taliban and Al Qaida are the ones giving the most aid. Last time they did this to further their cause and get people to join them.)
 May Christians be able to mobilize help.
 May people see that Christ is the true savior and the one who loves them.
 May they realize that their god is not a god of help but one of destruction and death. May Pirs and demonic places be wiped out in the wake of the flood.

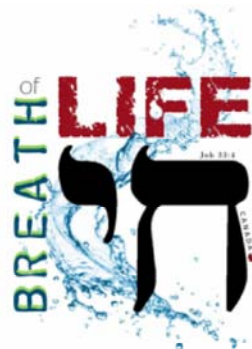

DEMONSTRATIONS. Demonstrations are still continuing by the same two parties
 demanding that the government be overthrown. Last week they were even saying
 the government of Musharraf was much better. (In the last 40 years more progress was made during his time than any other government.)
 PRAY for a righteous and just government.

TERRORISM

The Pakistan military has been bombing and carrying out heavy raids against the Taliban along the Afghanistan border. A group called the "Punjab
 Taliban" has broken away from the TT and said they are "ending their armed
 struggle within Pakistan." PRAY this may continue. The Tehreek-e-Taliban (TTP
 - a very ruthless group) are having internal struggles with groups like the above breaking away, and fights over leadership. A new leader has just been
 named.

Thank you for your intercession

Breath of Life, Global Day of Prayer

Join the worldwide prayer
 movement filled with God's
 love, mercy & compassion...

LIFE is worth defending.

The movement is world wide. We believe that God is asking the body to engage in prayer for life and He has given us a new strategy to get the Evangelicals (this would include but is not limited to the following denominations: Baptist, Lutheran, Methodist, Presbyterian, Pentecostal, United, Anglican, Hutterite, Mennonite, Vineyard, Charismatic, etc.) fired up to pray for life. Below is a brief overview of the strategy as well as the information for the upcoming Breath of Life Global Day of Prayer...

Breath of Life is a worldwide prayer movement that is non-confrontational in nature and filled with God's love, mercy & compassion for all those involved in abortions including the medical staff and the unborn child's family. Our goal is to pray for the closure of abortion clinics and for lives to be saved. We will be launching Breath of Life later this summer/early fall in Canada and are hoping to launch in Mexico, USA & England later this year.

Approximate annual abortion rates:

Worldwide 45 million abortions per year- 25.6% or 1 in 4 pregnancies end in abortion

Canada 93,755 abortions per year- 19.9% or 1 in 5 pregnancies end in abortion

USA 1.06 million abortions per year- 19.5% or 1 in 5 pregnancies end in abortion

Mexico 1 million abortions per year- 28.6% or 1 in 4 pregnancies end in abortion

England & Wales combined 185,331 abortions per year- 20.8% or 1 in 5 pregnancies end in abortion

We believe that God desires to have a praying presence outside all abortion clinics worldwide, seven days a week, circling it in prayer just as He had Joshua circling the walls of Jericho in prayer until those walls fell down.

We are inviting churches to "adopt" one abortion clinic and its medical staff in prayer for one day each year until the abortion clinic closes. We are looking for a minimum commitment of two people from individual churches, prayer groups, cell groups, etc. who are willing to pray for 24 hours one day per year. Part of the 24 hour prayer day would be spent at home or at church and the other part praying outside the abortion clinic. Breath of Life prayer teams are also invited to join together to pray outside of their provincial Legislative Assemblies across the nation every year on October 22- that's it! The strategy is beautifully simple and light.

We thank you for prayerfully considering passing on the vision. To join the Breath of Life movement today, please visit www.breathoflifemovement.com.

Breath of Life Global Day of Prayer

Date: October 22

Time: (Your local time) 8:30am-5:00pm

Location: Your local governing body (state/provincial building)

We invite you to join in the Breath of Life Global Day of Prayer. We will be praying for our governing rulers and the current status on LIFE. We ask that you remember that Breath of Life is non-confrontational in nature and filled with God's love, mercy & compassion for all those involved in abortions including the medical staff, the unborn child's family and governing bodies.

All you need to do is show up at your local governing provincial or state building and pray for any duration of time between your local hours of 8:30am-5:00pm- that's it!

We ask that you "Come As You Are". This means for this day- Please Leave All Signs, Banners, Noise Makers, etc. at Home.

We ask that you remember that many of us that will be out there praying have personally suffered loss due to abortions or have been deeply affected by abortion. We are there to LOVE and HONOR both friend and foe, lost and found- just as JESUS did when He came to save the world He so loves!

Our goal is to pray for the closure of abortion clinics and for lives to be saved. Jesus said that we are to pray that His kingdom come, His will be done on earth as it is in heaven. We believe this is the key to seeing the LIFE issue turn around.

REMEMBER LOVE CONQUERS & LOVE COVERS OVER A MULTITUDE OF SIN- Even abortion.

About International Prayer Connect (IPC)

OUR VISION:

"Compelled by God to seek Christ's glory worldwide for the blessing, healing, and transforming of the nations, International Prayer Connect exists as a coalition of prayer networkers and mobilizers working together to motivate, develop and equip national movements and local churches to fill all nations with prayer for the fulfillment of the Great Commandment and the completion of the Great Commission."

HOW WE OPERATE:

The IPC is not an organization as such. We are a fellowship of people involved in mobilizing prayer throughout the world. We function as an international "network of networks", connecting international, regional, and national prayer ministries and networks. We also arrange or support special prayer initiatives that bring prayer leaders together from time to time to pray for matters of regional and global concern to the Body of Christ. Regional prayer summits have been arranged or supported by the IPC in most regions of the world as well as international prayer initiatives for the United Nations, Hollywood, and other issues.

The IPC is led by an international leadership team, now called the International Prayer Council, is composed of twenty leaders who coordinate regional prayer networks or international prayer initiatives of various kinds. We seek to be catalysts and connectors within the global prayer movement towards the fulfillment of Habakkuk 2:14- that *"the earth will be filled with the knowledge of the glory of the Lord as the waters cover the sea."*

We do not have an official membership but connect with individuals and networks through *IPC Connections*, a periodical newsletter distributed via e-mail to give prayer information to interested people. Please share this newsletter with prayer coordinators, prayer network leaders, and others who have an interest in the global prayer movement so that they can be informed about different prayer initiatives, existing prayer networks, and how to participate in them.

Donating to IPC Through PayPal

PayPal is an online banking service that can receive donations from over 30 currencies worldwide through automatic draft and credit cards. It is safe and secure. International Prayer Connect is a non-profit ministry funded through the Transformation Prayer Foundation and relies on individual donations to keep the work going.
