01 Finish the Task!

600+ mission people gathered at Saddleback Church in Lake Forest, California, December 5-7, for the Finishing the Task event. Our purpose was to focus on the

remaining unengaged unreached people groups, whole ethnolinguistic and cultural groups that still do not have exposure to Christ's Good News through a resident team of indigenous Christians or missionaries. A list of 1347 such people groups are carefully catalogued and monitored on the FTT website www.finishingthetask.com for churches, mission agencies, prayer groups and individuals who would like to adopt them for prayer and mission engagement.

Encouragingly, it was the first time that a special prayer track was part of the event, and as a result, a new strategic group was formed to consider how best to mobilize ongoing, specific intercession for each UPG until they are reached and Jesus word in Matthew 24:14 is accomplished-- that all peoples will have the gospel proclaimed as a witness before the end comes.

What amazing and exciting days we are living in, even potentially seeing the Great Commission fulfilled before our eyes in the coming years! Please do join in this still enormous effort, asking those churches, organizations and prayer groups you are in touch with to adopt at least one of these spiritually needy groups in prayer. It is the crucial and initial way to breakthrough and the Lord will call and raise up laborers as He said he would if we pray. "The harvest truly is great, but the laborers are few; therefore pray the Lord of the harvest to send out laborers into His harvest." (Luke 10:2)

During the event, we premiered the new video on the integration of prayer and mission. Attached are the final versions that you are free to use and share. The earlier version shared with you last month needed some further refinement so please use these links:

Spirit of the Moravians 9-min or <https://vimeo.com/244739881>

Spirit of the Moravians 3-min or <https://vimeo.com/244608042>

Would you please pray with us that this video will go "viral" and be spread around the world so that millions of believers will see and find their role in praying for the unreached people groups, with many also going to share Jesus Christ with them?

Pray too for the effective integration of prayer and mission and that the prayer and mission movements will meld together increasingly to carry out His Great Commission.

Specifically pray that the Finishing the Task initiative will accelerate and that all the 1347 still unengaged unreached groups will have their own international ministry networks connecting and focusing efforts in sensitive, Spirit-empowered and guided ways that they may be reached ASAP.

Thanks for your partnership in this most important of assignments—to make Jesus known to the ends of the earth and every people group while there is still time and freedom to do so.

02 New Year's Day Sunrise Prayer Relay 2018

Australia Christian prayer leaders invite their brothers and sisters in Christ, prayer groups, prayer networks and churches to join with them all over the world to pray at sunrise on New Year's Day 2018 at a public location such as a hill, lookout or landmark in your city or town. Already we have registrations from USA, South Africa, Cameroon, India, North Korea, Thailand, Germany, Czech Republic, UK, Switzerland, Fiji, Solomon Islands, Vanuatu, New Zealand, and Australia.

See 2018 short promo video: www.youtube.com/watch?feature=youtu.be&v=LSTHRAixKOOQ

Warwick Marsh, coordinator for Australia's National Day of Prayer & Fasting said, "David said in Psalm 108:2, "I will wake the dawn with my song." So, during this time of prayer we want to focus on giving great praise to God. We also want to pray for revival and transformation, that God will bring healing to our land as it says in 2 Chronicles 7:14. Let us all pray for a great harvest of souls for the Lord Jesus Christ."

Marsh continued, "In declaring Jesus Christ as Lord at this worldwide Sunrise Prayer Relay we are circling the globe with prayer, praise and worship and surrendering our lives to Jesus Christ for the glory of God. Psalms 113:3 says, "From the rising of the sun to the place where it sets, the name of the Lord is to be praised." Use the prayer resources on the website and social media and register your location at: <http://www.sunriseprayerrelay.org> Our prayer is that with your help, this worldwide Prayer and Praise Relay will go viral."

Pat Steele, a prayer and worship leader in Wollongong Australia, said, "We encourage you to pray the Lord's Prayer together aloud as the sun rises and make a declaration that Jesus Christ is Lord of your life, your family, your region and your nation. At your location we encourage you to include praise and worship, prayers, and scripture readings. We suggest 30 minutes, but you can pray for longer. You could even take communion, shine a torch, or light a candle. What you do for your sunrise celebration is up to you."

03 Pray Urgently for Yemen

Sixty-day-old Nadia Ahmad Sabri, who suffers from severe malnutrition, lies in a bed at a malnutrition treatment center in Hodeidah, Yemen, on Wednesday. (Abduljabbar Zeyad/Reuters)

David Miliband, president and chief executive of the International Rescue Committee and former British foreign secretary, is the author of "Rescue: Refugees and the Political Crisis of Our Time."

"This week, the 1,000th day of Yemen's civil war is marked by disease and starvation rather than peace talks and humanitarian

aid. This truly is the new world disorder: an increasingly divided Middle East, western diplomacy in retreat, international law undermined. And the options are only getting worse.

There are 22.2 million Yemenis currently in need of humanitarian assistance. Of these, 8.4 million are at serious risk of starvation. The number of cholera cases has just passed 1 million – an astonishing figure. In the standoff between Saudi Arabia (backed by the United States) and Iran, civilians are paying a horrific price. Yemen suffered more airstrikes in the first half of this year than in the whole of 2016. According to the United Nations, airstrikes killed 136 Yemeni civilians in an 11-day span earlier this month. Peace talks are nowhere in sight.” The latest news is that 68 civilians were just killed in what has been called “an absurd and futile war”. Let’s make a concerted effort in united prayer for God’s peace to come over this terribly troubled land and that these long-suffering people, especially the children, will receive relief and medical assistance. Pray also for peace talks to be held that will result in the ending of the conflict which is the basis for all the horrors that are happening there.

04 Focus on Pakistan: Asking the Lord for Its Liberation from Darkness

9 killed, over 50 injured in church bombing in Pakistan

On Sunday, 17 December, a suicide bomber targeted a Methodist Church in Quetta, Pakistan leaving nine dead and more than fifty injured.

According to reports, though two attackers targeted the Bethel Memorial

Methodist Church, only one managed to detonate his vest. The second attacker was killed by security forces. It is believed that more than 400 worshippers were attending the worship service during the time of the attack. A group affiliated to the Islamic State claimed responsibility for the incident.

“We condemn this inhuman attack in Quetta and call on the Pakistani government to take all steps necessary to provide adequate security to Christians during this Christmas season,” said Godfrey Yogarajah, the Deputy Secretary General of the World Evangelical Alliance. “We pray for God’s healing mercy upon those injured in the attack and God’s presence to be with those grieving the loss of loved ones,” he added.

Prayer points:

- Pray that those perpetrating violence against Christians in Pakistan would experience a change of heart, repent, and turn to Jesus Christ.
- Pray for God’s healing upon those injured in the attack.
- Pray for God’s comfort upon families grieving the loss of loved ones.
- Pray that the Pakistani government would step up security measures for churches, ensuring the safety of Christians.

Terrorist training

Recently the world has watched in amazement as the new young Saudi Arabian prince has arrested, on corruption charges, many other princes and leaders. It is not fully clear why he has done this. Power would be one reason, but some say that he realizes that with the reduction of the need for oil from his country people are looking at the influence his country has had on radical Islam throughout the world. Its Wahhabi type of Islam has indoctrinated

people around the world, funded radical mosques, and financed terrorist groups like al-Qaida. This has had a very negative effect on relationships with many countries.

Saudi Arabia and Iran have been the major financial backers of radical Islam in Pakistan. Until this funding is stopped, it is almost impossible to stop terrorist groups. President Musharraf was the last president to try and stop this. Madrassa schools are the training and recruiting grounds for terrorists. Musharraf was closing these down. As they were closed down, many of them moved to one of the most radical parts of the country. Hundreds of these schools sprang up. One block could have several schools on it. There were times when terrorist groups would come into these schools and take out as many as 10,000 young people to their camps for further training.

How do these schools work? Everyone wants education for their children. A worker came wanting to send their eldest boy to one of these schools. He was persuaded not to do it. They later thankfully came and shared how a neighbor had sent their son to the madrassa and when they went to visit him a few months later, they found he had been sent away to become a “mighty warrior.” They never saw him again.

PRAISE for HOPE- God’s intervention in an unexpected way.

PRAY the Prince of Saudi Arabia will stop funding for madrassas, and fanatical training camps and mosques in Pakistan. That they will be closed down.

Demonstrations to overthrow the government. The situation had grown to where sit-ins and marches were in over 20 major cities. The major issue for these demonstrations was over the blasphemy law. This law is hated by most people in the country. Muslims use it not only against Christians but revengefully against fellow Muslims. The government has tried to rectify this issue.

The whole issue had started when one very fanatical group, known for their stand

on the blasphemy law, gathered other groups to stand against the change that had been made in this law. The military was finally called in and stopped the demonstrations. They are being proclaimed as the heroes who saved the country. But it was with an agreement that a council of 14 people, made up of several well-known “pirs” and fanatics, will decide the fate of over a dozen political members, the ones who had tried to change this law.

PRAISE that the demonstrations have been stopped temporarily.

PRAY for Peace for this council’s decision for the military’s place in all of this.

PRAYER TEAM TO PAKISTAN For their preparations, safety, papers to be granted and ministry.

Breakthrough praying

There have been breakthroughs in the Muslim world with moves of God and church planting movements in nearby countries, but things have been slow to move in Pakistan in some regards.

We are asking people to incorporate prayers for Pakistan into their prayers. We want 2018 to be a year of prayer for Pakistan. Would you kindly pray for :

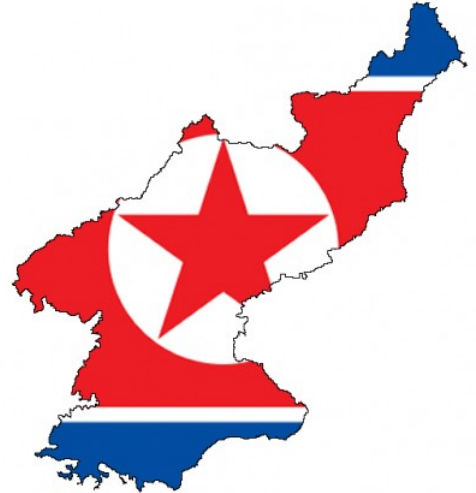

- a fresh move of God in Pakistan, reviving the church and birthing a church planting movement among the majority
- a neutralizing of the powers and principalities that hinder the advance of the gospel and the witness of the church
- that God would continue to call the leaders needed to launch PAK7, especially that he would call and identify the key Pakistani leaders for our International Council and Executive Board
- wisdom and grace for our executive leaders as they formulate and begin to execute business plans

- a continued strong momentum as representatives of the global church partner with representatives of the Pakistani church to bring the gospel there with power
- great unity among us as we move forward by faith, clearly sensing the Lord's leading with each step.

05 Geopolitical rumblings for prayer

Kim Jong Out? Some see signs of collapse No shots fired at defector, U.S. preps 'infiltration,' economy on brink

North Korean source of massive computer worm attack. The Washington Post reports the Trump administration identified North Korea as the source of the WannaCry computer worm that affected 230,000 computers earlier this year. The administration called on "all responsible states" to counter North Korea's ability to conduct cyberattacks and to implement all "relevant" UN sanctions. "The [WannaCry] attack was widespread and cost billions, and North Korea is directly responsible," said a Trump administration official. "We do not make this allegation lightly. It is based on evidence. We are not alone with our findings, either." [i] Note: Russia should share some of the blame because that nation facilitated North Korea's enhanced access to the worldwide web.

SECDEF claims N Korea's ICBM not yet "capable threat." Reuters reports U.S. SECDEF Jim Mattis said that even as an analysis continued on North Korea's most recent missile test, he does not believe its ICBM is capable of threatening the U.S. homeland. "It has not yet shown to be a capable threat against us right now ... we're still doing the forensics analysis," Mattis said. [ii]

Other dangerous areas of our world

Chinese warplanes test neighbors' air defenses. The Associated Press reports Chinese warplanes on a long-range drill to the Sea of Japan conducted drills around rival Taiwan, an action that prompted South Korea to scramble fighter aircraft. A Chinese air force spokesman said its air force dispatched bombers, fighters and reconnaissance planes through the Tsushima Strait to the Sea of Japan to "test its ocean combat ability." "This is a regular annual training arrangement of China's air force that accords with the relevant international laws and practices and it isn't aimed at any particular state, region and target," the spokesman said in a statement. [iv] Note: Beijing is steadily increasing pressure throughout the Indo-Pacific region through its far reaching air incursions, its island-building campaign and its rapidly expanding naval presence. These upgrades and confrontations are not going without notice and are worrisome given President Xi's promise at the 19th Congress to make China a global military power.

Worst Obama legacy yet – trading America's national security for an Iran nuclear legacy. Politico published a fascinating report about an ambitious U.S. task force targeting Iran's terror proxy Hezbollah and was sidelined by the White House's desire for a nuclear deal with Iran. This is very much a "deep state" story of intrigue and political manipulation by the Obama federal bureaucracy. Specifically, Project Cassandra was a \$1 billion, 2008 Drug Enforcement Administration effort targeting Hezbollah's drug and weapons trafficking, money laundering and other criminal activities. The interagency effort traced the criminal conspiracy to the innermost circle of Hezbollah and its state sponsors in Tehran. However, that effort was sidelined by Obama officials who threw insurmountable roadblocks in its way. Even though Hezbollah delivered multi-tons of cocaine into the U.S. and undermined American interests globally, then Obama CIA director John Brennan insisted upon helping Hezbollah to gain more influence in Lebanon. The end result of the Obama administration's effort was to neuter Project Cassandra to curry favor with Tehran to embrace the 2015 nuclear agreement. [vi] Note: The Politico piece is long, complex but the allegation is

clear: the Obama administration sacrificed America's security/welfare in exchange for the Iran nuclear deal – the former president's foreign policy legacy.

China-India enter troubled water dispute. STRATFOR reports “The latest dispute between India and China is as murky as the water it’s over. In October, the South China Morning Post reported that China had revived plans to build a 1,000-kilometer (621-mile) tunnel to divert water to Xinjiang province from the Yarlung Tsangpo River in southern Tibet and was testing the technique on a separate tunnel project. China denied that any such plans were underway. But when the Sang River then appeared muddier than normal in recent weeks and displayed elevated levels of iron, it struck a nerve in India. A local leader running for office in Arunachal Pradesh speculated that Chinese construction was responsible for the pollution, but he failed to provide evidence to back up his assertion and both Indian and Chinese leaders denied that China was responsible for the muddy waters. On Dec. 4, Indian Union Minister Arjun Ram Meghwal said an earthquake that took place in mid-November could be responsible for changes to the river. Whether China is planning a diversion project or not and regardless of whether it is behind the most recent murky waters, the events have shown just how volatile transboundary rivers can be for the regional giants.”[vii]

06 Continue to pray for the overthrow of abortion

Confronting the Jewish Holocaust in Nazi Germany, Dietrich Bonhoeffer boldly declared: "Silence in the face of evil is itself evil: God will not hold us guiltless. Not to speak is to speak. Not to act is to act."

This holds true in America today, given our own holocaust of abortion, where 60 million innocent babies have been destroyed in gas chambers called abortion clinics.

<http://www.wnd.com/2017/12/lets-break-americas-shameful-silence-in-face-of-evil/>

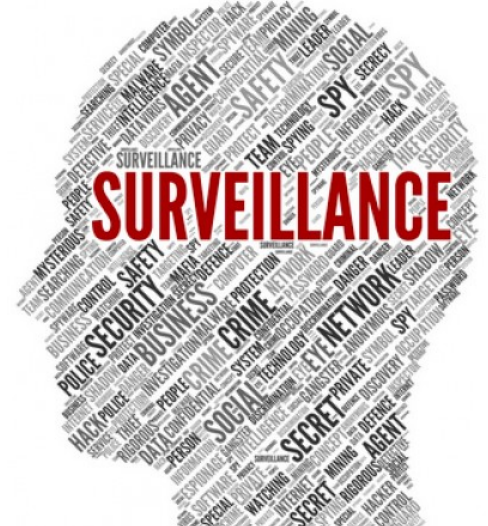

07 The Growing Threat of Mass Surveillance to Human Freedom

China has been building what it calls "the world's biggest camera surveillance network". Across the country, 170 million CCTV cameras are already in place and an estimated 400 million new ones will be installed in the next three years.

Many of the cameras are fitted with artificial intelligence, including facial recognition technology. The BBC's John Sudworth has been given rare access to one of the new hi-tech police control rooms.

<http://www.bbc.com/news/av/world-asia-china-42248056/in-your-face-china-s-all-seeing-state>

The “Beast” ubiquitous surveillance system continues to advance with the goal of the absolute control of the worlds population as slaves of the anti-christ!

Middle East- Middle Eastern governments are using high tech mass surveillance tools to monitor their citizens.

<http://www.bbc.com/news/av/world-middle-east-40531967/weapons-of-mass-surveillance>

Doug Riggs, Pastor

Let's pray that these attempts to control whole populations and thus dominate them will be counteracted and foiled by concerned citizens. Pray for the exposure of governmental schemes to use the fear of terrorism as a cover for the invasion of privacy on a mass scale.

08 Pray for Israel and the Sharing of Messiah

You will want to check out the website www.oneforIsrael.org which was developed by young Messianic Jews living in Israel to share the Gospel with other Israelis. It is moving to watch them engage in evangelism and apologetics with their understanding of the local context and culture.

09 Praying for children accused of witchcraft

"That is why Jesus became one of us. He died to destroy the devil, who had power over death. But he also died to rescue all of us who live each day in fear of dying [Hebrews 2:14-15 (CEV)]

Last year, SCWA sent a team of workers to travel the length of Togo, meeting with people in villages and towns and talking about accusations of witchcraft against children. Many people were afraid to speak openly of this phenomenon, even though they acknowledged a widespread awareness of its existence and the harm it caused. Much of this reluctance to speak related to fear: fear of bringing harm upon themselves and fear of death. When a death occurs, this is itself often a trigger of witchcraft accusations as people try to make sense of such loss. Fear of death can make people slaves. Only Jesus can set them free. JESUS DIED TO RESCUE ALL OF US WHO LIVE EACH DAY IN FEAR OF DYING. - HEBREWS 2:15

Thank God

Thank God for giving us a way to be free from the fear of death, through Jesus, and for giving us opportunities to bring freedom to others who are slaves to fear.

Fear of death is not insurmountable. We thank you, God, for SCWA and its network of collaborators, who are bringing a message of hope and reconciliation to those accused of witchcraft and to those who accuse others.

Please Pray

Recently, an academic team in the UK agreed to analyse the research into the roots, realities and responses of witchcraft accusations, performed in Togo villages and towns last year. Pray that this work will bring greater understanding of the issues - and Togo's specific context - and support the efforts of local church leaders in addressing child witchcraft accusations.

Pray that, through gentle exploration, affected communities and churches will be equipped to discuss both witchcraft accusations and the fear of death in a way that brings light, love, reconciliation and hope for the future. Where death, violence and rejection divide, we pray that forgiveness will heal.

10 Mel Gibson: Hollywood Is 'Den Of Parasites' Who 'Feast On Blood Of Kids'

Hollywood studios are “drenched in the blood of innocent children” according to Mel Gibson who claims the consumption of “baby blood is so popular in Hollywood that it basically operates as a currency of its own.”

Hollywood elites are an “enemy of mankind continually acting contrary to our best interests” and “breaking every God given taboo known to man, including the sanctity of children,” Mel Gibson said in London, where he is promoting his role in Daddy’s Home 2, his most prominent on-screen role in years.

“It’s an open secret in Hollywood. These people have their own religious and spiritual teachings and their own social and moral frameworks. They have their sacred texts – they are sick, believe me – and they couldn’t be more at odds with what America stands for.”

Mel Gibson appeared on the Graham Norton Show on the BBC on Friday, and he schooled shocked guests about the real nature of Hollywood elites in the green room backstage after his appearance.

Explaining that he spent the last ten years “working on my own ideas, outside of the Hollywood system” after being blacklisted by Hollywood in 2006 for sharing opinions about the industry and the world that run counter to liberal orthodoxy, Gibson said, “I don’t know how to break it to you gently... Hollywood is institutionalized pedophilia.

“They are using and abusing kids.”

“They churn through a huge amount of kids every year. Their spiritual beliefs, if you can call them that, direct them to harvest the energy of the kids. They feast on this stuff and they thrive on it,” the Hacksaw Ridge director said.

“What do I mean? This isn’t some kind of artistic abstraction. They harvest the blood of children. They eat their flesh. They believe this gives them life force. If the child was suffering in body and psyche before it died, they believe this gives them extra life force.”

“There is a creative and loving force inside most of us that guides us through life. These people don’t have this. For them it’s the opposite.”

According to Mel Gibson, who has spent 30 years in and out of the Hollywood system, the industry elites “thrive on pain, trauma, stress, abuse, and suffering.”

“Hollywood is drenched in the blood of innocent children. For a long time all the references to pedophilia and cannibalism were symbolic or allusive. But I was personally introduced to the practice in the early 2000s. I can talk about this now because these people, the execs, they’re dead now.”

“The blood of a sexually abused infant is considered highly ‘enriched’ and is highly prized. The money changing hands, the favors, the kickbacks – you have no idea. Babies are a high-functioning currency all of their own. Babies are their premium brand of high-grade caviar cocaine diamond steak.”

But according to Gibson this isn’t a flavor-of-the-month perversion, popular among men and women who have grown bored of standard issue sins.

“This isn’t anything new. If you do some research you will see it’s a metaphysical, alchemical phenomenon and you can find it behind the scenes in all the dark eras in history.

“It’s a dark, multidimensional occult art and practice, used by secret societies in the last few hundred years for social programming and mind control, and raised to a zenith by Hollywood in America in our era.”

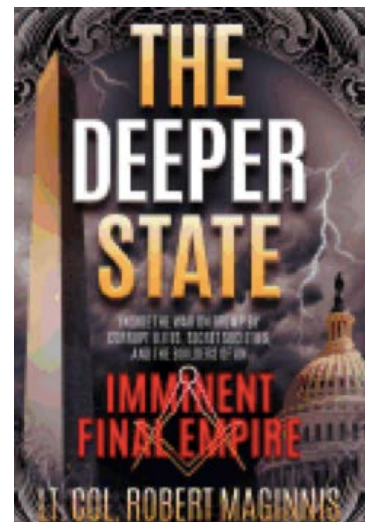

God is exposing the sexual abuse and harassment of women by powerful men in Hollywood, the rest of the media, business and politics in recent weeks all across the USA. Let’s pray that those who prey on children will be similarly exposed and brought down and that societies around the world that have allowed such dark, unthinkable, vile practices to go on will be impelled to arrest and punish such abusers. Pray for the protection and release of children from such horrors

11 Keeping Track of the Globalists

This is an article that looks at the way globalists, those who want to diminish national sovereignty in favor of a New World Order ruled by global elites, are at work to build their control over the nations even through the use of war.

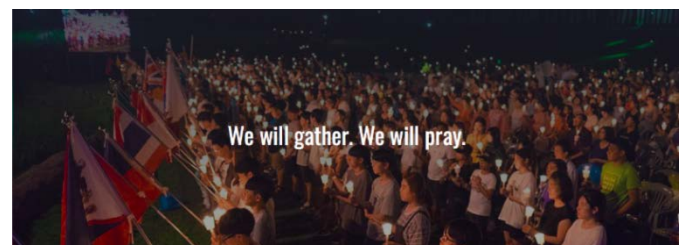

http://www.shtfplan.com/headline-news/why-the-globalists-need-a-war-and-soon_12062017

A valuable book that is well researched and goes into considerable detail about the globalists, the secret societies through which they hobnob together and develop their strategies to concentrate power, wealth and control is The Deeper State by Robert Maginnis (2017). There is plenty of important material for your consideration and prayer in this time of mega-shifts geopolitically.

12 UPRISING: World Youth Prayer Assembly

Plans are being made for a World Youth Prayer Assembly in October 24-26, 2018 to be held in Jakarta, Indonesia. An international team of youth leaders with some from the IPC will be meeting during the third week of January to focus on this. Please do cover this effort in your prayers. It would be wonderful for youth from around the world to come together, pray and receive His callings for themselves for the particular missions the Lord has for them. 15. About International Prayer Connect (IPC)

OUR VISION:

"Compelled by God to seek Christ's glory worldwide for the blessing, healing, and transforming of the nations, International Prayer Connect exists as a coalition of prayer networkers and mobilizers working together to motivate, develop and equip national movements and local churches to fill all nations with prayer for the fulfillment of the Great Commandment and the completion of the Great Commission."

HOW WE OPERATE:

The IPC is not an organization as such. We are a fellowship of people involved in mobilizing prayer throughout the world. We function as an international "network of networks", connecting international, regional, and national

prayer ministries and networks. We also arrange or support special prayer initiatives that bring prayer leaders together from time to time to pray for matters of regional and global concern to the Body of Christ. Regional prayer summits have been arranged or supported by the IPC in most regions of the world as well as international prayer initiatives for the United Nations, Hollywood, and other issues.

The IPC is led by an international leadership team, now called the International Prayer Council, is composed of twenty leaders who coordinate regional prayer networks or international prayer initiatives of various kinds. We seek to be catalysts and connectors within the global prayer movement towards the fulfillment of Habakkuk 2:14- that "the earth will be filled with the knowledge of the glory of the Lord as the waters cover the sea."

We do not have an official membership but connect with individuals and networks through IPC Connections, a periodical newsletter distributed via e-mail to give prayer information to interested people. Please share this newsletter with prayer coordinators, prayer network leaders, and others who have an interest in the global prayer movement so that they can be informed about different prayer initiatives, existing prayer networks, and how to participate in them

16. Donations

PayPal is an online banking service that can receive donations from over 30 currencies worldwide through automatic draft and credit cards. It is safe and secure.
