

## INTERNATIONAL PRAYER ALERT

**Please share as widely as possible**

### ***World Prayer Together*** **Friday, May 1 Global Prayer Call**

Dear Brothers and Sisters in Christ,

This is an unprecedented hour for humanity. With the Covid-19 Pandemic, we face one of the greatest challenges of modern history.

At such a time, Christians need to come together in prayer and reach out to others with Christ's life-transforming Good News to those still without hope!

Many of the prayer streams, so far embracing 145 nations and including International Prayer Connect, have come together to arrange this united prayer gathering. It will be led by ministry leaders from every region of the world, including some praying children as well. During this online call, we will pray together for the global harvest in the midst of this virus crisis.

Through Facebook Live and YouTube, it is now possible to connect fellow believers across the earth in an almost unlimited way to agree in prayer as never before for a massive breakthrough for His glory and the accomplishment of His mission to the nations!
